**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've suffered through unreliable slow Internet that was overpriced for many years. The moment Sonic offered their service, I got reliable, fast, and very reasonably priced Internet that made it easier for me to consume digital services that were painfully unusable before, and to do a lot of my business effectively.

I would hate to see lobbyists succeed in taking away competitiveness and customer choice. Especially that prior to getting fiber, I had a bad overpriced service that is representative of what we can expect if that happens.
